<u>CENVEOACHIEVES HITRUST CSF® CERTIFICATION TO MANAGE RISK, IMPROVE SECURITY POSTURE AND MEET COMPLIANCE REQUIREMENTS</u>

HITRUST CSF Certification validates Cenveo is committed to meeting key regulations and protecting sensitive information.

Stamford, CT – (April XX, 2019) – Cenveo, a leading provider of transformative publishing solutions, today announced that their Code Book Printing Process* has earned certified status for information security by HITRUST.

"The HITRUST CSF has become the information protection framework for the health care industry, and the CSF Assurance program is bringing a new level of effectiveness and efficiency to third-party assurance," said Ken Vander Wal, Chief Compliance Officer, HITRUST. "The HITRUST CSF Certification is now the benchmark that organizations required to safeguard PHI are measured against with regards to information protection."

HITRUST CSF Certified status demonstrates that the organization has met key regulatory requirements and industry-defined requirements and is appropriately managing risk. This achievement places Cenveo in an elite group of organizations worldwide that have earned this certification. By including federal and state regulations, standards and frameworks, and incorporating a risk-based approach, the HITRUST CSF helps organizations address these challenges through a comprehensive and flexible framework of prescriptive and scalable securitycontrols.

"Cenveo is pleased to demonstrate its ongoing commitment to privacy, security, and compliance by achieving the gold-standard HITRUST CSF Certification," said Mike Burton, President of Cenveo. "The HITRUST CSF certification helps organizations like ours address challenges through a comprehensive and flexible framework of prescriptive and scalable security controls."

*The following platforms are included in Cenveo's HITRUST CSF certification: Web Server, Tibco Application Server, Tibco Database Server, SAP Load Balanced Application Server, SAP Database Server, File Server, EFT File Server, Monarch Citrix Production Application Servers, Active Directory/Domain Controller, Symantec Antivirus Server, Radius Server, Symantec Audit Logging Server for Firewall/IPS, Cisco ASA Firewall, CiscoSourcefire IPS, Cisco Router, Cisco Switch, and user Desktop/Laptops have earned Certified status for information security by HITRUST
